## Society

(Continued From Page Six)

### HEYWOOD-BARKER.

Late Thursday afternoon at the home of Mrs. Lillie A. Heywood, 320 Ogden avenue, occurred the marriage of Miss Dora L. Heywood and Henry Claude Barker, the groom's brother, George S. Barker, municipal judge-elect, performing the ceremony.

Only immediate relatives were present and following the nuptial ceremony a perfectly prepared wedding supper was served after which the bride and groom departed for a honeymoon trip to the coast.

After November 28th they will be at home in Ogden at 1237 Washington avenue.

Mr. Barker is employed in the storekeeper's department of the Southern Pacific shops and has a host of friends who wish him happiness.

### KWYOR DANCE A SUCCESS.

Members of the Tabernacle choir and other ward choirs spent a delightful evening at the Second ward amusement hall Thursday when the "Kwyor Dances" was given by members of the Second ward choir. Lester Hinchcliff and R. E. Shorten and the choir members acted as a reception and entertainment committee.

Funch was served during the evening and dancing thoroughly enjoyed by everyone present.

The hall was exceptionally pretty, with decorations in green and white.

### VALESKA SURATT GUEST OF MRS. HOWELL.

Mr. and Mrs. William Howell have at their home, guests Mrs. Elizabeth Asay of Shanghai, China, and Mr. and Mrs. Richard Mackay of New York City.

Mrs. Mackay, who is known in the theatrical world as Valeska Suratt, and is appearing this week at the Alhambra theatre, and Mrs. Howell became acquainted in New York five years ago.

They were entertained, together with Mrs. Asay, Thursday night at the Weber club, by Mr. and Mrs. Howell, after the vaudeville performance at the Alhambra.

Miss Suratt, who is a prominent capitalist of the eastern metropolis she is passing her spare hours in Ogden with the Howells.

### INFORMAL DINNER.

Mr. and Mrs. Ralph E. Bristol entertained at an informal dinner last evening for Mr. and Mrs. Hugh Wood, Mr. and Mrs. Leroy Buchmiller, Mr. and Mrs. David Larson, Miss Beatrice Brewer, Miss Verna Tawey, Mrs. Mattie O'Donnell, Dr. H. M. Marks, Mr. William Harris and Mr. Mark Murphy.

The party later attended the Country club dance.

### MISS WILHEMINE KIESEL AND W. H. SHEARMAN MARRIED.

Thursday morning at 10 o'clock, Miss Wilhemine Kiesel, daughter of Mr. and Mrs. Fred J. Kiesel, Twenty-fifth and Adams avenue, and W. H. Shearman, city commissioner of Salt Lake City, were quietly married by Bishop Jones of Salt Lake in the First Episcopal church, Ogden.

Mr. and Mrs. Fred J. Kiesel, Mrs. L. S. Hodgson, Miss Edith Shearman, sister of the groom, William Schansbach and Theodore Schansbach were the only persons witnessing the ceremony.

Mr. and Mrs. Shearman left immediately on a honeymoon trip to the coast and will make their home in Salt Lake City upon their return. They will probably be away about five or six weeks.

Only intimate friends of the bride and groom were informed of the marriage plans and the event today was a surprise to Miss Kiesel's many friends in Ogden.

Evening a small dinner party was tendered Mr. Shearman and his sister, Miss Edith Shearman, and Miss Kiesel when the marriage plans were announced.

The groom is commissioner of water supply and waterworks of Salt Lake, and is well known both in a business way and socially. The bride is popular in Ogden's society set and also has many friends in Salt Lake.

## HILLSTROM CASE GIVEN ATTENTION

Salt Lake, Nov. 13.—There were no developments in the Hillstrom case at Governor William Spry's office yesterday.

Telegraphic dispatches of the previous day had indicated that President Wilson and others in Washington might take up the fate of Joseph Hillstrom further with the Utah authorities.

I. W. W. agitators have been very busy in Washington.

Governor Spry said yesterday, however, that he had not received any word from the president or any one else in Washington with respect to the commutation of Hillstrom's sentence.

It was apparent at the governor's office that there is no intention of changing the plans for Hillstrom's execution. He is due to be shot dead at the state prison next Friday for the murder of J. G. Morrison and his son, J. Arling Morrison.

W. Carlsson, Swedish vice consul in Salt Lake, yesterday received a message from the Swedish embassy in Washington, inquiring about some ship cargoes. He wired back that he did not understand the message and that it must have been sent him by mistake. It was suggested that a telegram might have been a code message about the Hillstrom case, but Mr. Carlsson said not—that it did not relate in any way to the Hillstrom affair.

E. B. Critchlow, the Salt Lake attorney especially engaged by the Swedish government to investigate the case, said last night there were no new developments.

### HENPECKED.

"Are you satisfied with your husband?"  
"I am. When I want anything now I have only to look at him, and he understands me at once."

## CHRISTIAN ENDEAVOR CONVENTION IN SALT LAKE

Salt Lake, Nov. 13.—The annual convention of the Utah Christian Endeavor will be held today in the Immanuel Baptist church, corner of Second South and Fourth East streets. All of them will be held in the Immanuel church, although it had originally been planned to have the opening session this morning in the Central Christian church.

H. H. Rottmann of Pocatello interstate field secretary in the northwest for the Christian Endeavor organization, will be the principal speaker at the convention. He will make addresses at both the afternoon and evening sessions. Mr. Rottmann arrived from Pocatello last night and is stopping at the Newhouse hotel.

Following the opening devotional service the annual reports of officers will be made and committees for the convention will be appointed. Delegates from each society represented will then give two-minute reports on the work in their communities during the past year.

Two addresses will be given at the morning session. "Consecrated Service" is the title of an address to be delivered by the Rev. C. A. Snyder, Dr. N. F. Fuchs will be for his subject "As Young People What Should Be Our Aim?"

During the noonday adjournment, luncheon will be served the visitors and delegates in the church parlors. The convention will reopen at 2 o'clock.

During the afternoon the election of officers will be held. "The Flower Committee—Its Possibilities," will be discussed by J. W. Brown. Brighton Cain will give an address on "Financing Your Society."

Miss Lily King will talk on "Our Christian Endeavor Tools." John Davies has for his subject "Missionary Work Your Society Should Do."

The subject of "Practical Temperance Work Your Society Should Undertake" will be discussed by Miss Eva Perry. The final address of the afternoon will be delivered by Field Secretary Rottmann, followed by an open parliament discussion.

"The Call to Militarism" is the subject announced for an address by the Rev. Louis S. Bowerman, pastor of the Immanuel Baptist church, to be delivered at an evening session which will begin at 7:30 o'clock. An address will also be made by Mr. Rottmann and there will be a special musical program. The committee on resolutions will also make its report at the closing session.

The closing session will be held at 8 o'clock.

## MINING ACTIVITY IN KINGMAN, ARIZ.

Kingman, Ariz., Nov. 12.—Mining activity continues to increase here out the Oatman district. The Hidden Treasure Mines company is one of the latest to enter the field and has taken over the Treasure Key group, as well as the La Vita, Colorado and Night Owl claims. The new company will begin sinking the main incline shaft on the vein from the 300 to the 600 foot point. There are excellent showings in both the east and west drifts on the 300-foot level, the faces having disclosed five feet of \$18 ore. Assays ranging from \$100 to \$300 per ton have been yielded by a two-inch streak in the ore body.

J. L. Melver and G. W. Long are pushing operations on the Green Quartz property, formerly known as the Arml group and located south of the Boundary Cone. Crosscutting is in progress on the 500-foot level.

Grading work having been completed, the Lexington Mines company is preparing to start a three-compartment shaft with a depth of 600 feet as the objective point.

The Arizona Rex shaft has attained a depth of fifty feet. It has been equipped with a fifteen-horsepower gasoline hoist, which will greatly expedite future operations.

Not until the recently started two-compartment shaft reaches the 500-foot level will the Lazy Boy management begin the exploration of the two big ledges, which, on the surface of the property, are richly mineralized.

To expedite sinking operations the company has placed an order for a forty-horsepower gasoline hoist, which, it is expected, will arrive on the property within the next ten days. It is safe to predict that the equipment will be in operation within the next three weeks.

Sinking operations have been inaugurated by the Merry Widow Mining company. A shaft, five by seven feet in the clear, has already gained a depth of twenty-five feet and will be continued down to the 200-foot point before lateral work is started to determine the size of the vein, standing vertical, which, on the surface, shows enormous width. Values of from \$2 to \$5 per ton for a width of two and one-half feet in the bottom of the shaft are now being obtained. Operations will be greatly facilitated by the early installation of a twenty-five-horsepower gasoline hoist. General Manager Michael Force expects the hoist and other mechanical equipment to be delivered on the ground and placed in commission within the next two or three weeks.

H. S. Cooper and associates recently sold W. E. Sorelle of Los Angeles and associates a property of seven claims which is a close neighbor of the Oatman Mining & Milling Co., road, Tom Reed and Bonanza states.

It is stated that the new owners of the ground intend to develop it in a thorough and comprehensive scale. They have organized the Oatman Hills Mining company for that purpose.

## HYDROPLANE TO BE USED FOR POSTMAN

New York, Nov. 12.—The Yoloanda I, a hydroplane drawing five inches of water and driven upward for 40 miles an hour by two air propellers, is here awaiting shipment to Bogota, Colombia, where she will be used to carry the mails and government officials down the Magdalena river, between the capital and the coast, 600 miles.

The boat was built at the direction of Gonzalo Mejia, a Colombian, and her light draft is made necessary by the shallow waters of the Magdalena river.
